

## COVID TESTING CENTRE AND VACCINATION DRIVE

Taking one step further, Bhojia Dental College and Hospital, Baddi, Himachal Pradesh through government officials had set up Vaccination drive camp in collaboration with the government of Himachal Pradesh. The Centre has all the facilities for counselling of the patients. There is full time medical and nursing social worker dedicated only for the counseling session of the patients and vaccination of COVID-19. Follow up of half an hour is done in all the vaccinated people to check for any allergic reactions after the vaccination. The college is serving the people in this worldwide pandemic to increase the awareness regarding the necessity of proper vaccination. Through this vaccination drive, the intend was to educate the people to get themselves vaccinated as soon as possible so as to control the spread of this deadly virus.
