Library Ambience

Calibre Software

The screenshot displays the Calibre software interface. At the top, there is a toolbar with various icons for actions like 'Add books', 'Edit metadata', 'Convert books', 'View', 'Get books', 'Fetch news', 'Help', 'Remove books', 'Calibre Library', 'Save to disk', 'Connect/share', 'Edit book', and 'Preferences'. Below the toolbar is a search bar and a 'Virtual library' section on the left with a sidebar containing categories like Authors, Languages, Series, Formats, Publisher, Rating, News, Tags, and Identifiers. The main area shows a table of books with columns for Title, Author(s), Date, Size (MB), Rating, Tags, Publisher, Series, and Published. The first book, 'Quick Start Guide' by John Schember, is selected. On the right, a preview pane shows the book's cover and metadata: Authors: John Schember, Formats: EPUB, Path: Click to open, and calibre Quick Start Guide. The status bar at the bottom indicates 'calibre 5.22.1 created by Kovid Goyal [17 books, 1 selected]' and 'Update found: 5.39.1'.
