

VISION

To excel in value based dental education, healthcare, research and technology of global standards enriched with quality, contributing to national development. Provide the best learning experience and support the new generation of Dental professionals to meet the emerging challenges by learning the latest in the field of dental health care.

MISSION

- ☐ To provide value-based student centric, community oriented, flexible dental education with continuous evaluation.
- ☐ To achieve, sustain and further enhance quality dental education providing access with thrust of equity, involving stakeholders.
- ☐ To offer modern affordable dental care.
- ☐ To encourage innovative collaborative basic research to benefit the community and enabling the industry to produce cost effective equipment and drugs.
- ☐ To develop a distinctive centre of excellence for learning all aspects of dentistry that will generate dental professionals of global standards to render high quality dental care, teaching and research, with an integrated and ethical approach in quest of oral health care for all.
- ☐ To stimulate invention of indigenous technology and to promote technology transfer and optimal utilization of available contemporary technology for teaching, training, healthcare and research.
- ☐ To develop strong community relationships through services and research.
